

# STORE FIXTURE NEEDS ARE JUST DIFFERENT.

Your Supply Chain Should Be Too.

Finally, a scalable supply chain solution that understands store fixtures are just different. Let us show you how much better your supply chain can be.

We've developed a comprehensive supply chain solution that allows retailers to optimize their store fixture supply chain.

# Take Control of Your Fixture Supply Chain with FSI.

For maximum effectiveness, your supply chain must be able to roll with the punches and adapt to change.

## Here's how it works

### PLAN

We input your fixture projects into our forecasting tool.

### INVENTORY

We coordinate with your manufacturers to build inventory and continuously re-order as needed to ensure inventory is always available.

### DISTRIBUTE

We ship your fixtures as needed, with the shortest lead time in the industry. As quickly as the same day!

## With FSI's robust technology and demand-driven scalability, we specialize in:

1. Ensuring your stores get the right fixture colors, sizes, and quantities....**on time!**
2. Executing fixture rollouts, large and small, **with minimal notice**
3. Shipping not only full store sets, **but also replacement parts**
4. Providing visibility on **hundreds of data points with ease**

## What if you could...

Have 3 shelves delivered to every store for a reset in a matter of days instead of weeks or even months?

Ship all the parts needed for 4' gondola addition with just a few clicks?

Deliver an additional part to an install team on the ground in 24 hours?

## With FSI You Can!
